

18 April 2018

**Active Energy Group Plc ('Active Energy', the 'Company' or the 'Group')**

**Attendance at the EarthX Conference, Texas**

Active Energy, the London quoted international biomass based renewable energy and forestry management business, is pleased to announce that it will be presenting at the EarthX Conference in Dallas, USA, between 20 and 22 April 2018 ("EarthX").

EarthX is the world's largest annual exhibition and conference dedicated to the discussion of environmental issues and innovative solutions. The event features environmental organizations, businesses, academic institutions, government agencies and industry experts and attracts more than 100,000 attendees each year.

Directors from Active Energy are already in Dallas ahead of the formal opening of EarthX and shall be presenting on the Company, sustainable forestry management and its revolutionary products CoalSwitch™, a unique and highly disruptive renewable biomass coal replacement technology, and PeatSwitch, an environmentally friendly steam beneficiated organic soil compound which the Group is currently supplying to Young Living Farms ('YLF') pursuant to the previously announced supply agreement with YLF.

Michael Rowan, Executive Chairman of Active Energy, said, "We are delighted to have the opportunity to present at the leading global environmental conference. EarthX is dedicated to the sharing of innovative ideas and solutions to some of the World's most pressing environmental issues and, as such, I am looking forward to sharing our pioneering and proven CoalSwitch™ and PeatSwitch technologies with the audience as well as providing an insight into sustainable forest management."

### **About Active Energy Group:**

Active Energy Group Plc (AIM: AEG.L) is a London Stock Exchange-listed international renewable energy business based upon forestry assets. Its model is focussed on capturing the entire forestry value chain through sourcing, utilising and commercialising assets, and setting a new standard in the sustainable management and optimisation of timber resources. The Company is led by a highly technical and commercial team with the experience to execute its defined growth strategy and build its visibility, primarily as a London-listed timber opportunity with a revolutionary biomass fuel technology. It has two subsidiary companies:

- **Advanced Biomass Solutions Plc** ([www.abs-plc.com](http://www.abs-plc.com)), which is commercialising a revolutionary biomass coal replacement fuel, CoalSwitch™; and
- **Timberlands International Ltd**, a sustainable international forestry management business.
